A LINE AND A THOUGHT THEY GO FOR A WALK

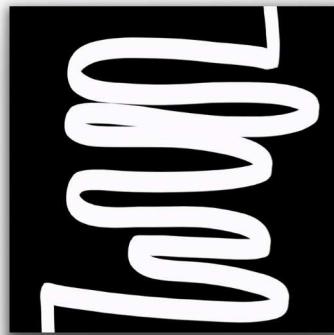

The artistic development and its process always involves challenges. One of mine is to reduce the content to a line and its form, as this visual minimalist expression also speaks volumes. I reduce the Wealth of Content and within the Form that at the End the pure Essence and the Emptiness speaks. The digital Drawings are created spontaneously , printed only in b / w and w / b mode and developing accordingly to the Context of the informal colorful and opulent Paintings. Since the beginning of my artistic development , the black line is a recurring essential element , which finds its form in visual expression.

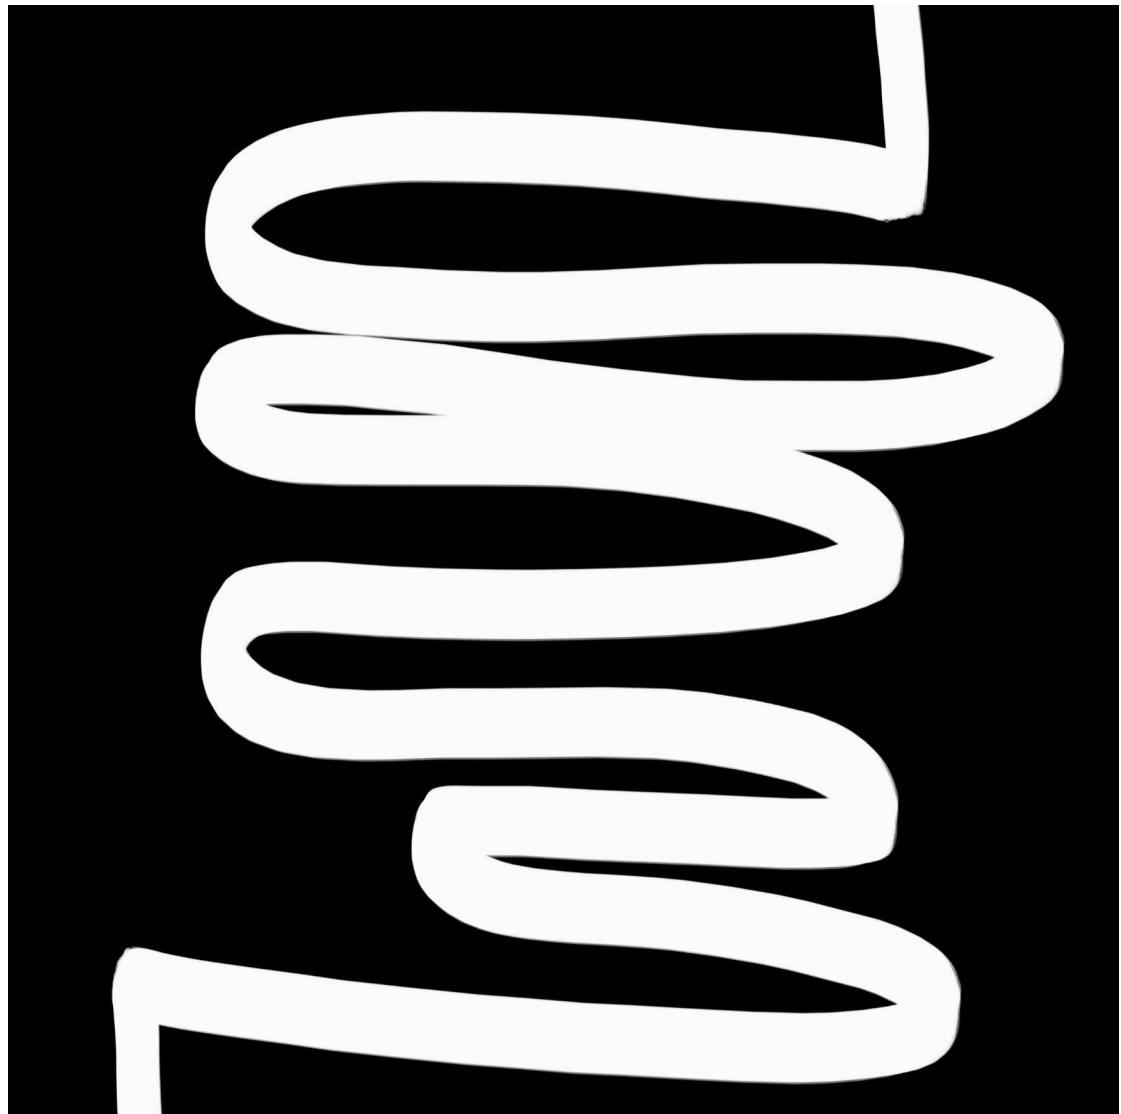

A LINE AND A THOUGHT THEY GO FOR A WALK

Die künstlerischen Entwicklung und dessen Prozess beinhaltet immer Herausforderungen. Eine meiner ist es, den Inhalt auf eine Linie und deren Form zu reduzieren, den auch dieser visuelle minimalistische Ausdruck spricht Bände. Ich nehme die Fülle an Inhalt und Formgebung aus dem Prozess und das Wesentliche, die Essenz und die damit existierende Leere wird sichtbar. Die digitalen Zeichnungen entstehen im Moment und nur im s/w und w/s Modus und entwickeln sich gemäß im Kontext zu meiner informellen farbig opulenten Malerei. Die schwarze Linie ist seit Beginn meiner Schaffensphase ein wiederkehrendes essentielles Element , die ihre Form im visuellen Ausdruck findet.
